

The rainy season has come to the Wheatfield and the Little Folk are worried about the newly seeded fields.

Peter and Sammy are helping build a levee to keep the Meadow Brook from flooding the new plantings.

WHEN THIS WORK IS DONE, THE WHEATFIELDS WILL BE SAFE—THE MEADOW BROOK NEVER RISES HIGHER THAN THIS.

PETER! SAMMY! THE WIZARD HAS ESCAPED FROM OUR DUNGEON.

HIS MEN OVERPOWERED THE GUARD—BUT DRAGONEL IS STILL OUR PRISONER.

QUICK, MEN—WE CAN'T REST!

I'M GLAD THEY'RE SUCH DOLTS. THEY BLUNDERED RIGHT PAST MY HIDING PLACE.

SO — THEY'VE BUILT A LEVEE,
OR DIKE AGAINST THE
MEADOW BROOKS OVERFLOW.

AND I'M JUST THE
ONE TO HELP.

ZOUNDS! THAT BREAK
THROUGH WILL FLOOD
THE TOWN IN NO TIME.

*The Water sweeps through the
Wheatfield Village.*

WE'LL HAVE TO GET BACK
TO THE DIKE, PETER.

AYE — THERE'S A
BREAK.

Answer on page 7

I'LL GET DRAGONEL OUT OF HER UNDERGROUND DUNGEON BEFORE SHE DROWNS.

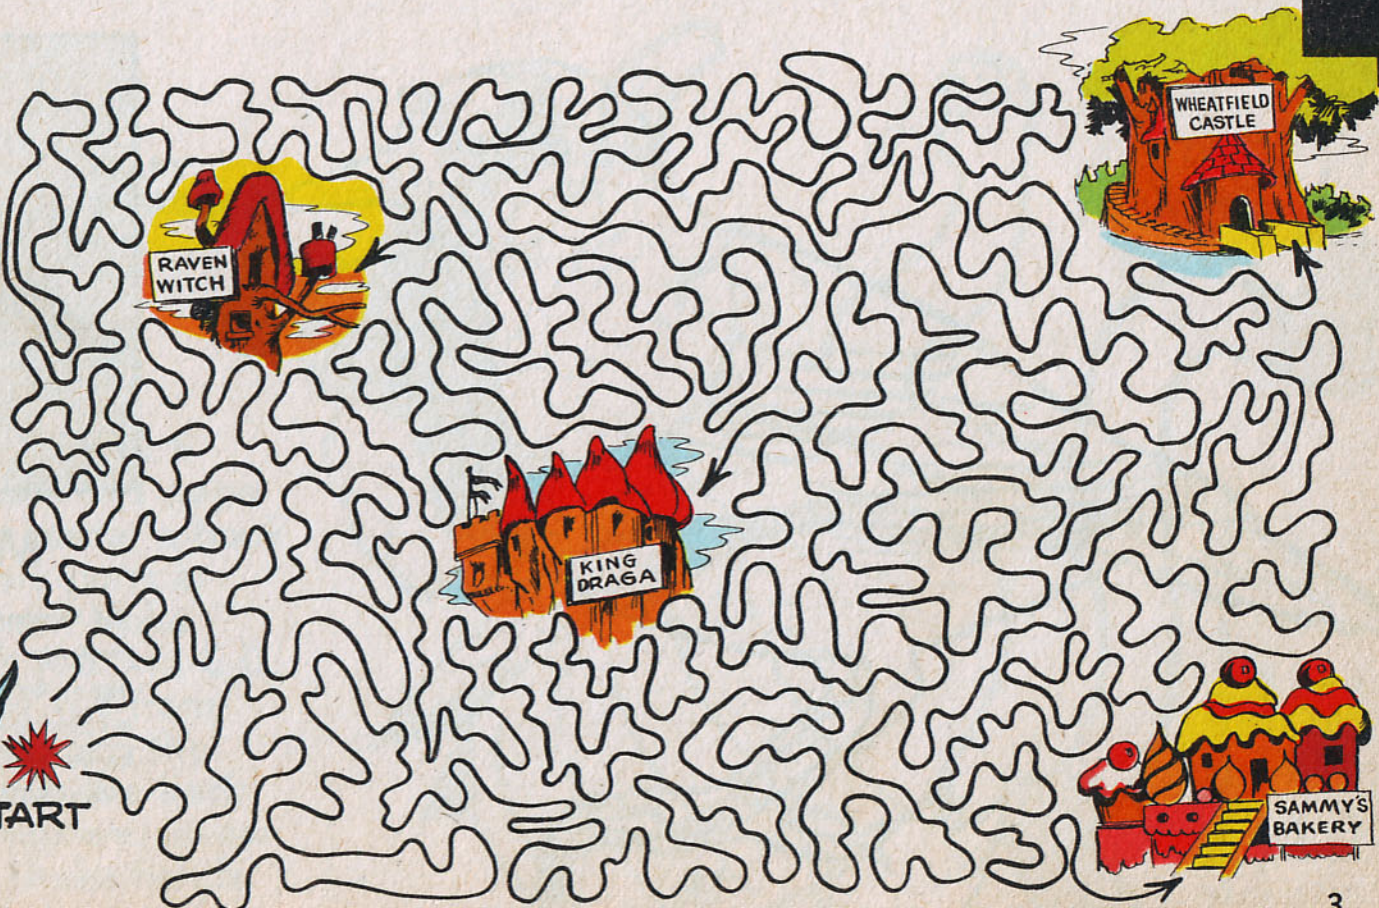

YOU'D BETTER HOP ON MY BACK - I CAN SWIM THROUGH THE FLOOD PRETTY FAST.

GASP! AYE - PUFF! WE'VE COME TO GET YOU OUT OF HERE, DRAGONEL.

JUST STEADY ME WHILE I LOOSEN THIS VENTILATOR GRILLE.

Help Bluejay to find the right path to the Wheatfield Castle. Choose a line at "start" and follow it. Each line goes to a different destination - try to pick the right line.

MEANWHILE THE WIZARD HAS GATHERED SOME OF HIS MEN

NOW'S OUR CHANCE.

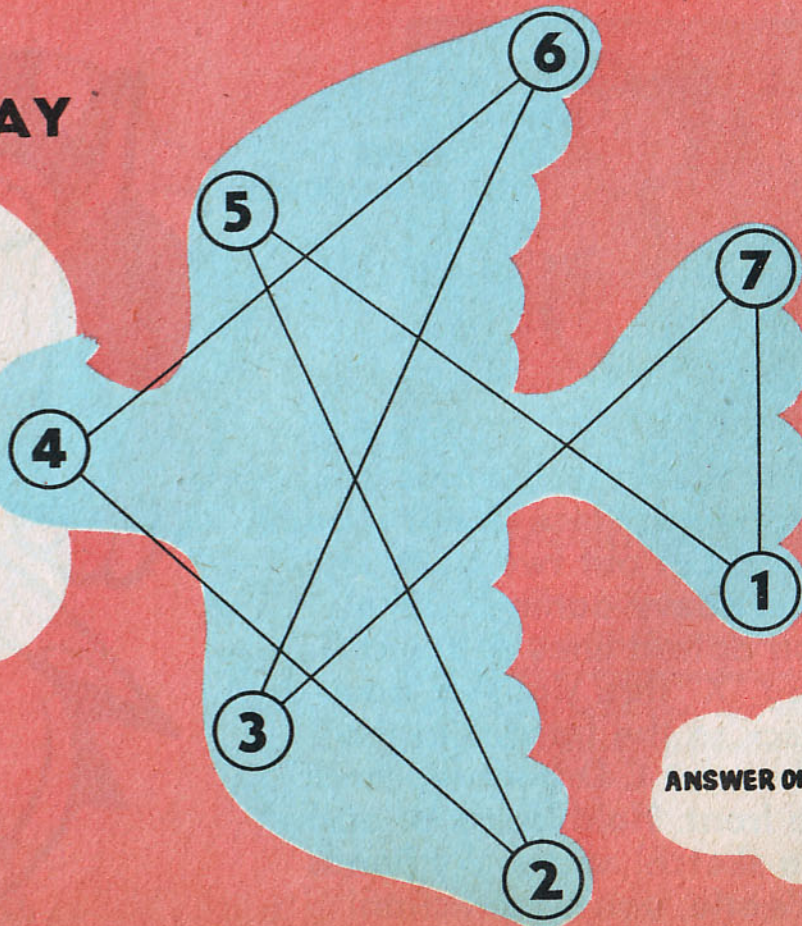

AND IF THEY ARE ROUTED, THE WHEATFIELD WILL BE DESTROYED BY THE FLOOD.

AT LAST, WIZARD, THE HORNETS WILL BE MASTERS OF THE LAND.

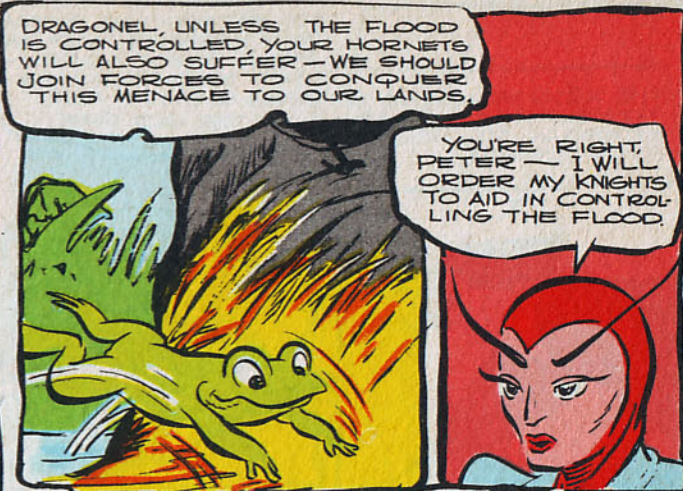

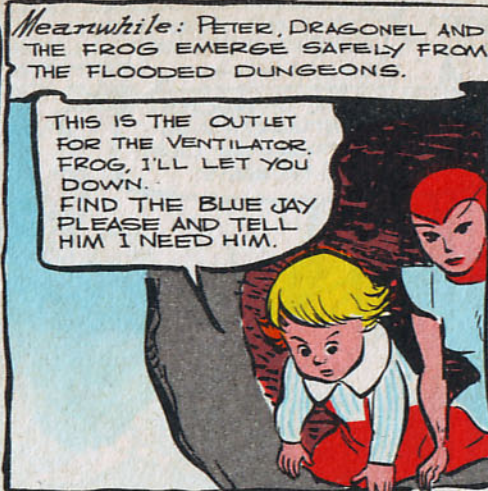

BEWARE! THE HORNET KNIGHTS ARE ABOUT TO ATTACK!

BUTTON, BUTTON, BLUEJAY

Place 6 buttons, one at a time, on a vacant circle and move to another vacant circle by way of a black line. Example, place button on 1, move to 7. Place another button on 5 move to 1. Sounds easy but after the first 4 buttons it's tough.

ANSWER ON PAGE-9

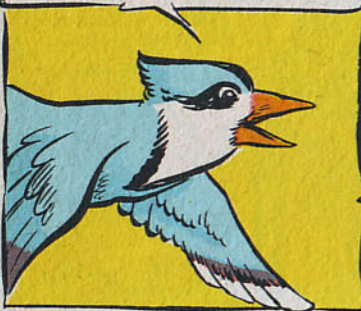

Dot Drawing

Take your pencil and complete the second picture which is exactly the same as the first except for the outline. Select any dot to begin on and draw a line to the next dot, comparing carefully with the first picture. Color your picture.

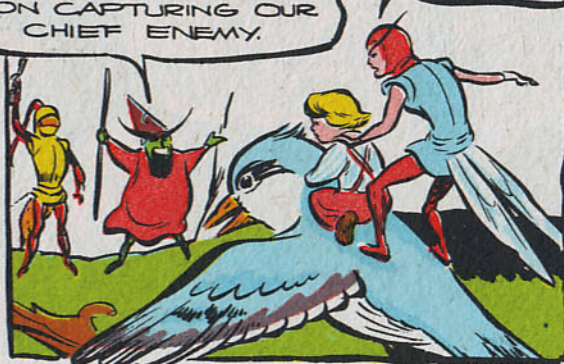

THE FROG HAS GONE ON TO HELP AT THE LEVEE. PETER — I'LL CARRY YOU THERE.

THE WIZARD HAS ATTACKED WITH KNIGHTS AND HAS BEEN BEATEN OFF — BUT EVEN NOW HE RALLIES HIS MEN AT THE OLD OAK.

WELCOME, DRAGONEL. CONGRATULATIONS ON CAPTURING OUR CHIEF ENEMY.

YOU MISUNDERSTAND — PETER WHEAT AND I ARE ALLIES — WE HORNETS MUST HELP CONQUER THE FLOOD.

YOU TRAITOR! I, THE WIZARD CAUSED THE BREAK IN THE DIKE AND NOW YOU WOULD UNDO MY WORK.

IT'S YOU WHO ARE TREACHEROUS. THE FLOOD WILL HURT THE HORNETS, TOO.

I want you boys to answer this riddle: What goes up when the rain comes down?

that's easy - "sallerbmu" *

sallerbmu ?
what's that ?

That owl! always got his nose buried in a book! I guess he's what you call "well read."

In that case, if you added the letters "S" "B" to him you'd get what everybody likes!

SWELL BREAD!

* Read backward

ENOUGH—! THOSE WHO WOULD HELP, FOLLOW!

OUR QUEEN, MY OWN DAUGHTER IS WORKING AGAINST US.

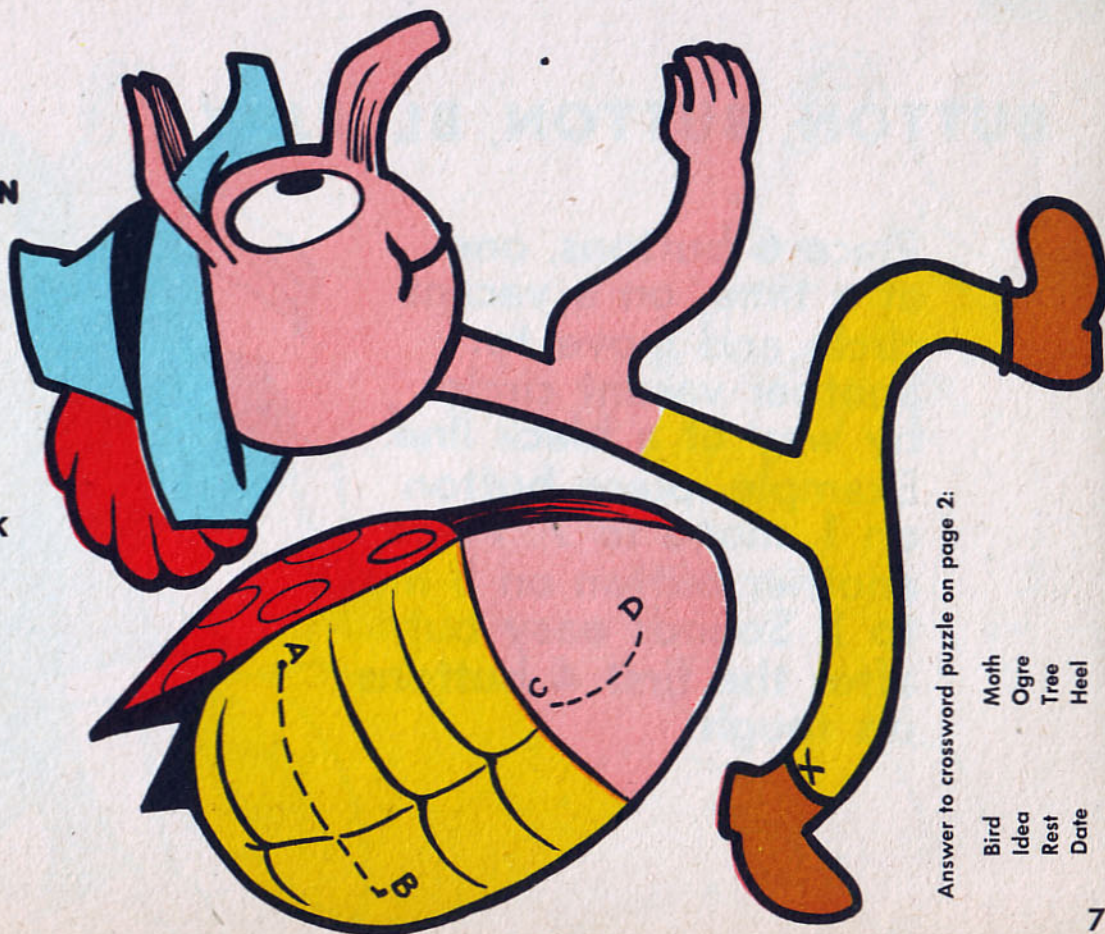

WE CAN STOP THE WORK WITHOUT FIGHTING OUR BROTHERS. DID YOU NOTE THAT THE WHOLE VILLAGE WAS OUT WORKING ON THE DIKE? THE WHEAT QUEEN WORKS IN AN ISOLATED SPOT—
she could be captured.

SEE, THERE IS THE WHEAT QUEEN WORKING BY THAT WAGON.

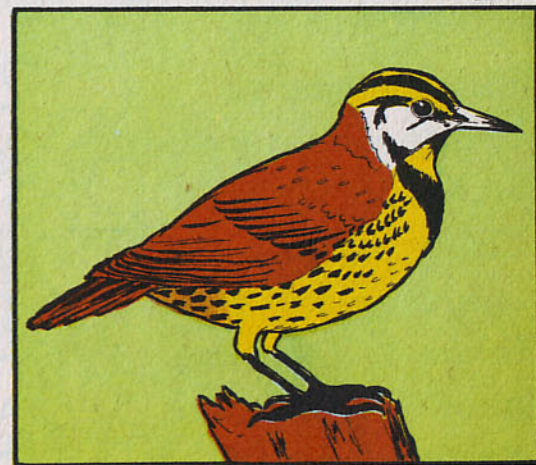

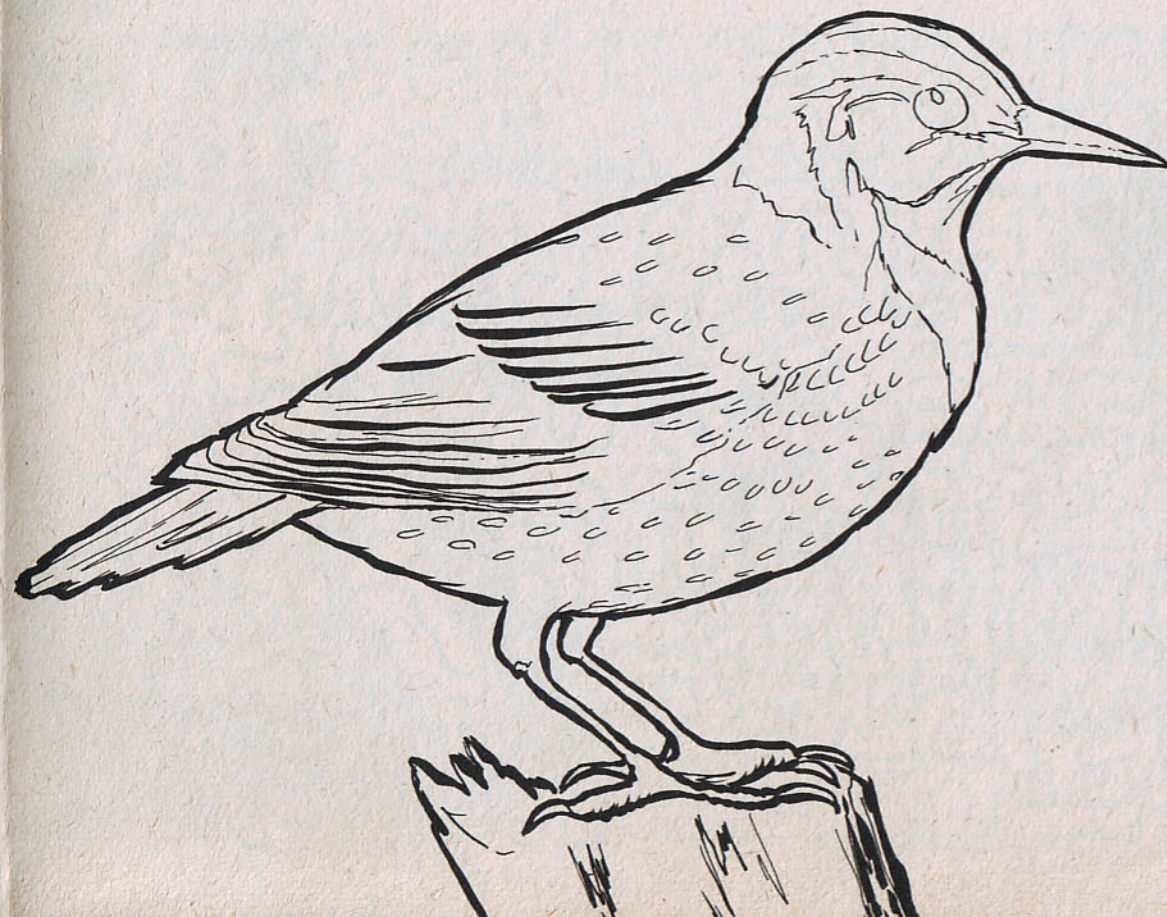

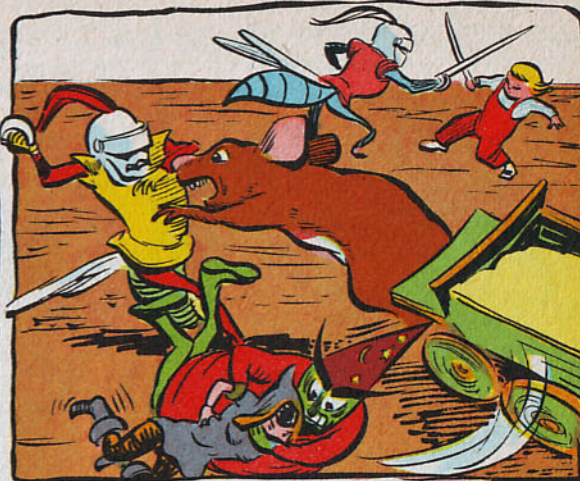

"SPEEDY" BEETLE

For best results paste this page on cardboard. Place under a book until dry. Cut out two parts at right on heavy outline. Make slits on dotted lines A-B and C-D. Slip leg "X" thru slot A-B from the back to the front. Slip the arm thru slot C-D from the back to the front. Hold figure at arrow (above sketch) and shake hands with Beetle, you'll get action!

Meadow Lark

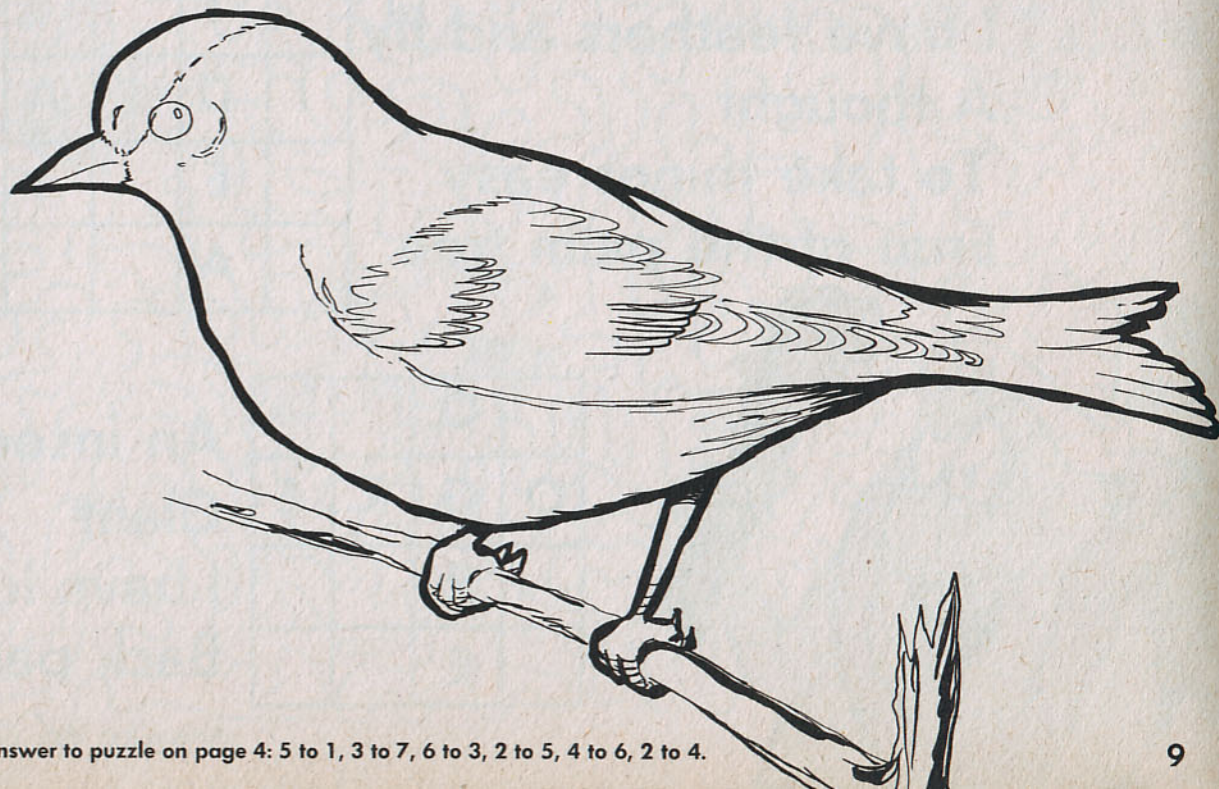

The Meadow Lark's high, clear whistle is a welcome sign of spring. The Meadow Lark builds its nest on the ground amongst dry grass. In the nest are laid four to six white eggs speckled with brown. This is a good bird to have around because it eats insects. Color the big picture like the small one.

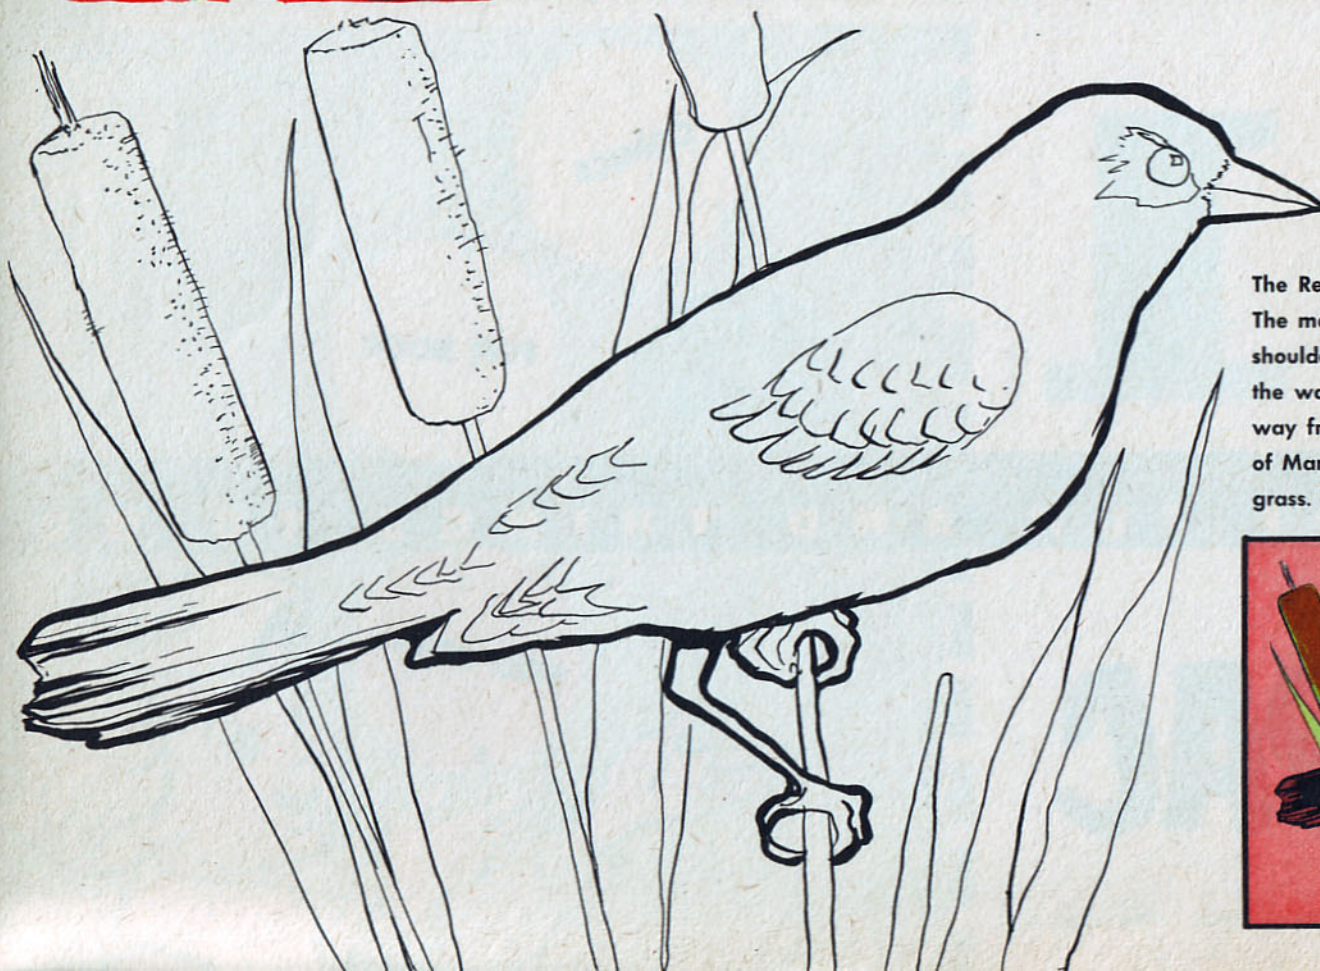

KEEP YOUR MEN WORKING, BEETLE — THE WIZARD IS JUST TRYING TO SLOW THE WORK — MY HORNETS WILL TAKE CARE OF HIM.

Goldfinch

The Goldfinch is small and sociable and is sometimes called the wild canary. Its bright yellow dress makes it one of our most attractive birds. The nest is made of grasses and lined with thistledown. The eggs are pale bluish. The Goldfinch can be found in summer east of the Rockies and as far north as Labrador. Color the large picture.

Red-Winged Blackbird

The Red-Winged Blackbird lives in marshy places. The male bird is easy to spot with its brilliant red shoulder. When you see one, you know you are near the water. The Red-Winged Blackbird lives all the way from Florida to Canada in summer and south of Maryland in winter. It eats seeds of weeds and grass. Color the big picture.
